July 2021 NEWSLETTER

Note that August 2 is a Civic Holiday and we will be closed. Please have any bulk or bag orders in early so we can accommodate your needs.

DAIRY PALM FAT

Volatile markets coupled with transportation challenges have caused supply issues for Palm Fat (amid other additives). We have been able to book supply ahead for the summer but have had to go to different suppliers to do so. Please be aware that we will be switching between Silver Prills, Jefe and RP 95 Palm Fats to be able to meet demand.

Double down on resistance

Today's parasite researchers recommend using two classes of dewormers for effectiveness and to help curb resistance issues. Widespread use of an endectocide (like ivermectin) to control both internal and external parasites should be accompanied by a benzimidazole (like Safe-Guard) to get the tough internal parasites and fight against resistance.

Just tell us how many cattle you have and the weight and we will weigh out the appropriate amount of safe-guard premix.

We require to have your pesticide license number in order to sell any Class B or CC agricultural products.

If you plan to purchase any rat, mouse or fly bait, please contact us so we have your number on file.

Thank you.

Don't miss a beat...

Let SPF help your herd maintain efficiency during summer heat and humidity

Summer Performance Factors

WFS SPF Dairy Premix is formulated to promote optimal rumen health and maintain performance during periods of heat stress

Ask your B&L/WFS sales rep. about SPF

We now have mineral feeders in stock!

Ask Matt for pricing and details on the in-stock mineral feeders. Other mineral feeders available by special order. Call Matt at 519-379-3500

Poly Feeder with Cover

Sticky Roll Fly Tape
Deluxe Kit with Hardware

Sticky Roll Fly Tape
1000' Refill

Sticky Roll Fly Tape
81' Mini Kit with Hardware

Sticky Roll Fly Tape
81' Refill for Mini Kit

Mr Sticky Fly Ribbon

Sticky Roll™ effectively catches, controls and eliminates flies because it's based on their natural habits. Flies follow the warm updrafts in rooms and barns, seeking a resting place near the ceiling. They become entrapped in Sticky Roll, then become an irresistible attractant to other flies. No baits, toxins, or pheromones are necessary. Soon the tape is black with dead flies. When a length of tape is full, crank it up, flies and all onto the disposable take-up reel. Fresh tape is rolled out at the same time, ready to grab more flies.

WE NEED TO MOVE PRODUCT

Grober Calf Choice Colostrum 470g \$35.00/pkg (limited supply)

Immustart 50 Bovine IgG 400g \$16.00/pkg (limited supply)
