Dec 2024

With no end in sight for the current Canada Post employee strike, we would like to let you know that we can email invoices and statements.

Please call our office so we can set up this service.

If getting a cheque to us is difficult, we also have on-line banking, telephone banking, E transfer or EFT payment options available. If you require help with any of these, let us know and we'll be happy to assist you.

B&L Farm Services Ltd. and Modern Fencing would like to thank our customers for their continued support over the last year.

The management and staff wish you and your family a very Merry Christmas and a Happy New Year.

We look forward to serving you in 2025.

HOLIDAY STORE & OFFICE HOURS:

December 24th: 8am—3pm

December 25th & 26th: Closed

December 31st: 8am—3pm

January 1st: Closed

Our trucks will be very busy the week of December 16th, with a short weeks following due to the holidays. If you can take extra bags and bulk to get you through until the new year that would be appreciated.

Also remember with inclement weather a possibility, please be prepared for delays and road closures. Make sure to have extra feed on hand.

Book your Twine and Silo Covers for 2025 with delivery in Spring-early Summer.

Save 10% on silo covers with the Early Booking Program. Deadline for orders December 31, 2024

Take advantage of our special pricing on

Brood Cow, Cow Calving and Pasture minerals

B&L PrimeTime Brood Cow Premix #782529

GUARANTEED ANALYSIS		
Nutrient Name	Actual	Units
Calcium	16.9	%
Phos. Total	5.0	%
Sodium	11.7	%
Magnesium	0.2	%
Potassium	0.1	%
Cobalt	16.6	mg/kg
Copper	1250	mg/kg
Iodine	105.0	mg/kg
Iron	4065	mg/kg
Manganese	4160	mg/kg
Selenium	58.9	mg/kg
Zinc	6245	mg/kg
Vitamin A	498,830	IU/kg
Vitamin D3	83,140	IU/kg
Vitamin E	4003	IU/kg

FEATURES

FORMULATED specifically for brood cows to support healthy gestation
 LOW DUST formula for ease of handling and mixing
 FLAVOURED and sweetened to encourage consumption and improve palatability

BENEFITS

ELEVATED trace minerals assist in maximizing health
 LOWER feeding rate allows for one of the lowest cost per head per day on the market

Designed for non-critical time after breeding season to 2 months pre-calving

- Economical
- Good supplementation of trace minerals

B&L PrimeTime Beef Cow Calving Premix #782531

GUARANTEED ANALYSIS		
Nutrient Name	Actual	Units
Calcium	10.7	%
Phos. Total	6.8	%
Sodium	13.9	%
Magnesium	0.2	%
Potassium	0.2	%
Cobalt	21.3	mg/kg
Copper	1435	mg/kg
Iodine	120.0	mg/kg
Iron	3660	mg/kg
Manganese	4770	mg/kg
Selenium	65.1	mg/kg
Zinc	7135	mg/kg
Vitamin A	700,000	IU/kg
Vitamin D3	90,000	IU/kg
Vitamin E	5500	IU/kg

FEATURES

FORMULATED specifically for cows close to and through calving to support healthy calves
 LOW DUST formula for ease of handling and mixing
 FLAVOURED and sweetened to encourage consumption and improve palatability

BENEFITS

ELEVATED trace minerals in chelated form help cows and newborn calves' health and encourage maximum calf growth
 RESEARCH shows 1st cycle breeding vastly improves

Designed for 60 days pre-calving, until the end of breeding season

- Higher feeding rate
- Includes all trace minerals in **chelated form**; not just selenium
- Assists in reproduction, foot health and weaning weights
