LAST CALL For CHICKS!

Our last available delivery date is: August 7th. Order early— you don't want to miss out.

Sidewall tires are in. There is a good supply right now but that can change. Call Matt for a price today.

Ingredient Pricing Insight

Please note that many factors go into the pricing of your feed. Wallenstein Feed and Supply and B&L Farm Services Ltd. are doing there best to keep prices down. Some things are very dependent on what is going on globally as ingredients come from around the world. All ingredients purchased from the US or that have a US component to them, have increased due to the exchange rate. This does not appear to be improving with our Canadian dollar in a downward trend.

The cost of items like Di-cal, vitamins, mineral oil, zinc and copper have seen increases from 4% up to just shy of 30%. Some of these increases are due to the war in Iran. We have seen a seasonal increase in distillers price as plants had their spring shutdowns and they have been losing grind due to breakdowns recently. We are hoping to see that market soften.

The closure of the Strait of Hormuz has put pressure on many of these markets. 2026 was off to a great start then the tides turned due to political turmoil. Even if the Strait opens tomorrow optimistically, we are likely 8-9 months out before the supply chain feels some relief.

WFS will keep working with suppliers on pricing, keeping supply at the top of their mind.

Please note our store will be closed at **4pm** on July 18 for our STAFF BBQ

Watch for our July Flyer. For Backyard and Garden savings.
