Continue to save \$6/250 lb barrel or \$10/250 lb barrel when purchasing 4 or more. Different formulations to choose from. Valid until October 31st.

Horse Wormer

As the seasons change, it's the perfect time to check in on your horse's deworming schedule. Fall is especially important because bot larvae and other internal parasites are most active this time of year. A fecal egg count can help guide the best treatment, but many veterinarians recommend a dose targeting bots and strongyles after the first frost. Keeping your deworming program consistent helps your horse stay healthy, maintain weight, and head into winter feeling their best!

Fall Savings Flyer

Our Fall Flyer is coming out shortly. It is packed with savings in time for winter. Don't miss out on these specials.

Fall Savings Flyer

We have 9.46L jugs in stock. Goat for RVs, agricultural sprayers and more. Volume discount on 6 or more.
